

SIEMENS

GO PLM Grant Application –

Siemens supports the SCORE 2009 Contest, and wants to offer all schools who are participating in the contest the opportunity to use the latest, state-of-the-art PLM Teamcenter Engineering tools in their curriculum. A typical grant involves the in-kind contributions of the PLM software for a set period of time along with support and upgrades during the period covered by the grant. Extensive training materials are also made available. If you are interested in a SCORE Contest GO PM Grant, please fill out the following information and submit it to Hulas King at hulas.king@siemens.com Faxes may also be sent to Hulas at +1 314-264-8930.

Institutions Name, Address & Phone Number: _____

Contact Name: _____

Contact Title: _____

Department Title: _____

Email Address: _____

Please provide a description of your department. Include the number of students, current software packages used, analysis or manufacturing tools used and how many seats for Teamcenter Engineering Bundle.

How do you plan to implement Siemens PLM software in your curriculum?

In which courses will the software be used? Please include how many students will use the software on a yearly basis, how the grant will benefit students and if the software will be used in a required course.

Who will serve as the point of contact and what commitments will the school make to train this person?

Please provide any other factors we should consider in evaluating your school for a grant, i.e., financial need, community need, and youth career development opportunities.

Will a press release be generated to acknowledge this Grant?
